CONFERENCE BY PROSTITUTES

It has come to my knowledge that an organization known as Akina Mama Wa Africa is planning to conduct a seminar for prostitutes at your hotel from 18th to 20th November 2010. I am reliably informed that participants will come from Uganda, Kenya and Tanzania. If this information is correct and we will soon find out, I should inform you that prostitution is a criminal offence in Uganda. By allowing your premises to Akina Mama Wa Africa for purposes of conducting this seminar, it is concluded that the hotel is an accomplice in an illegality.

This is therefore to inform you that government will not find it acceptable that management of Serena Victoria hotel should be promoting and defending a criminal act.
